

The Satellite Shop – Franchise Opportunity: Press Release

The expansion of the EU has increased our business

The Satellite Shop has satisfied many requests over the last year from families that wish to view their home TV channels in the UK.

It is possible to receive hundreds of channels from different satellites using a dish and receiver. The demand for this service had grown considerably over the past few years with the expansion of the EU and more foreigners in the UK wanting to view their home TV channels.

As well as offering dish and receiver products, the Satellite Shop also specialises in home entertainment systems, plasma TV's, DVD's, Sky and freeview. They also offer a personal service to customers including a home visit to view the area lounge and recommend electrical and home entertainment systems that fit their space, family and budget.

The Satellite Shop franchise is available throughout the UK with additional demand identified in particular locations. At a cost of just over £40k this is a fabulous opportunity to be your own boss and build a great reputation in your own area.

By the time you start your franchise you will be confident in all aspects of the business and if you have any questions, you will be able to pick up the phone and speak to someone at their head office.
